

# CAPABILITY STATEMENT

Our aim is to be competitive by raising the bar in the manufacturing industry, so as to be at the forefront of modern machining in Australia and to encourage businesses to buy quality Australian made components.

# OUR STORY

## ... SO FAR

- Australian owned company since the 1950s
- Specialising in precision production component manufacturing
- New ownership in 2013 led to investment in modern CNC machinery
- Relocation in 2018 to state-of-the-art climate controlled facility
- Vision of lean manufacturing process led to implementation of continuous improvement plan

## WHAT MAKES US

# STAND OUT

- Climate controlled state-of-the-art purpose built facility
- Technical competence of our operators
- Investment in the highest quality of machinery

## WE BUILD

# QUALITY COMPONENTS

We have the capabilities to create and deliver components of the highest quality to any industry due to our heavy investment in twin spindle multi-axis lathes and 5th axis milling machines.

The mainstay of our business is medium-high volume production of small to medium sized componentry.

## INDUSTRIES WE WORK WITH

RAIL

ELECTRICAL

CONSTRUCTION

MINING

PLUMBING

**CORE**

# COMPETENCIES

We specialise in turning, milling and machining of componentry with a focus on repetition engineering.

We have the capacity to manufacture large quantity runs in a variety of sizes and materials.

**OUR**

# PROMISE

We don't compromise on QUALITY

**ABOUT**

# OUR MACHINES

CNC MILL / TURNING LATHES  
WITH BAR FEEDERS

- 1 x DOOSAN - 2600SY Twin Spindle ø81 Spindle
- 3 x DOOSAN - 220LSYC Twin Spindle ø65 Spindle
- 2 x DOOSAN - 2100LSYB Twin Spindle ø65 Spindle
- 1 x HARDINGE - 200MSY Twin Spindle ø63 Spindle
- 1 x HARDINGE - 150 Twin Spindle ø42 Spindle
- 1 x HYUNDAI - 150LMSA Twin Spindle ø42 Spindle

CNC MILLING CENTRES

**HAAS & RICHMOND 3 AXIS**

- X - Travel 1000mm
- Y - Travel 500mm
- Z - Travel 600mm

**DOOSAN 5 AXIS**

- X - Travel 650mm
- Y - Travel 765mm
- Z - Travel 520mm
